UPDATE

The shelter recently accepted 12 dogs (6 adults and 6 puppies) that were surrendered by their owner in Poplarville. This had started out as a court seizure but the owner relinquished the dogs to the Poplarville police department, Animal Advocates of Pearl River County, and us. The police department and AAPRC collected the dogs and Dr. Harris of East Poplarville Vet Clinic did on-site exams and vaccinations for the dogs that were calm enough to be handled. We are working with the adults to get them acclimated to human contact and will evaluate behavior and health as they become comfortable enough with us to let us handle them.

The PRC SPCA is having special adoption fees on our cats and kittens, fees for most cats will be \$75 for the majority of the summer with a few exceptions. Check our website for available felines!

Hill's Shelter program presented Carla Gerrard with the \$10,000 check for the recognition of her volunteer efforts on behalf of the PRC SPCA. Carla was an invited speaker at the Rotary Luncheon on June 14th where she presented our past history and future goals. Thanks again to everyone who voted to help us win!!

Volunteers Needed

If you are available Saturdays or Sundays, the shelter is desperately looking for people to train to perform our offsite adoption events and help us save more lives, even 1 or 2 weekends a month would be a huge help. We are looking for volunteers with organizational skills who can take an event idea, plan it and implement it, events such as adoption specials at the shelter, offsite events and fundraisers. Volunteers are needed that are familiar with computers and social media that can post the shelter's fundraising information for special animals in need of medical care. If interested call or email the shelter.

June is "Adopt a Shelter Cat Month". Cats make wonderful pets for many reasons. First they are easy to houstrain, just tuck a litter box with clean litter in an out-of-the-way spot in your home and your kitty will take it from there. Cats are self reliant, no need to rush home to let them out since they can use their litter box. Cats are fastidious creatures, they groom constantly so there is no need to worry about a dirty, smelly kitty rolling around on your carpet or upholstered furniture. Cats are very affectionate and yes, they can be trained!
